Subject: [JVAD] Layout Edited File (MSID: 17416)

Dear Dr. Amanda Adelia Pranoto and colleagues,

I would like to inform you that your manuscript has already been layout edited and hence will be ready to be published. However, we found several points to be clarified:

1. Regarding to all figures, please explain whether all figures are cited from other sources? If so, kindly add the source (both in the text and in the reference section). No citations needed if all figures are designed by the authors.
2. Kindly add citations in 2.1.4, regarding to the text from Ardi Priyono, 2018.
3. In Section 3, is it necessary to add initial paragraph before showing Figure 5?
4. Reference list does not conform to our standard, so please rewrite all the sources. More info, please visit our website.
5. In the acknowledgements, please add the sub-theme of which your article was submitted to, in the ICON ARCCADE 2021.

Best regards,

Kamal Khairudin Sukandar

Dear Sir,

In this email attached theedited version of the paper as per suggested. For the source of image I am aware in previous email it is mentioned that I will not need to add source for those pictures taken by author as per quoted: "Regarding to all figures, please explain whether all figures are citated from other sources? If so, kindly add the source (both in the text and in the reference section). No citations needed if all figures are designed by the authors."

However, this paper attached has been completed with the source of author produced figures. Hope this meet your standard. We are looking forward for the publication very soon. Thankyou for your kind assistance.

Dear Dr. Purnama Esa Dora,

Thank you so much for providing the revisions. By today, your final manuscript has been checked by the editor, and here are few comments that should be considered.

1. Due to the copyright issue, we recommend you to reproduce the diagram in Figure 1, and acknowledge the source by adding "adapted by ...".
2. If the original Figure 1 is not copyrighted, please provide the better quality of the image.

I am positive that by completing those comments, there will be no further revisions needed. The layout and reference list has been edited to conform to our standard.

Best regards,

Kamal Khairudin Sukandar
