The following message is being delivered on behalf of International Journal
of Electrical and Computer Engineering (IJECE).
_____

Alexander Setiawan:

Thank you for submitting the manuscript, "Augmented Reality Application for
Chemical Bonding Based on Android" to International Journal of Electrical
and Computer Engineering (IJECE). With the online journal management system
that we are using, you will be able to track its progress through the
editorial process by logging in to the journal web site:

Yth,
Dr. Tole Sutikno

Mohon maaf, ini baru saja kami revisi papernya.. ini kami kirimkan untuk versi .docx-nya, sedangkan yang versi .pdf-nya sudah
kami kirimkan melalui sistem, dikarenakan yang .docx tidak bisa terupload. Lalu untuk pembayarannya kira-kira batasnya kapan ya
pak, karena paper penelitian ini kami menggunakan dana hibah dari DIKTI, sehingga kami perlu koordinasikan ke bagian LPPM
ditempat kami.

Atas perhatian dan kerjasamanya, kami mengucapkan banyak terimakasih.

Best Regards,
Alexander

Dear Authors, Reviewers, Readers or Partners

Thank you for contacting us. We confirm that your email has reached us. We will reply to you as soon as possible.

For Authors: Thank you for considering *the International Journal of Electrical and Computer Engineering (IJECE),* ISSN: 2088-
8708 (**Scopus** indexed journal) as the right place for your work. You should ONLY submit your papers using our online submission
system (***submissions by email will be ignored***). Please ensure that you have prepared your manuscripts in line with *the* IJECE's
Author Guidelines (where there are further relevant instructions that you must read and follow to ensure your submission goes
smoothly). A good research paper has a clear statement of the problem the paper is addressing, the proposed solution(s), and
results achieved. It describes clearly what has been done before on the problem, and what is new. All submissions will be
reviewed by three independent reviewers and refereed by the Editors. Submissions will be judged on the following criteria:
*Relevance, Significance, Novelty, Technical correctness, Experimental/evidential support, Clarity of presentation and Reference to
prior work and publications*.

How to submit your manuscript?

To make a submission, you must have a user account and **be enrolled as an Author**. User accounts can either be created by the Journal Manager or you can register yourself (this journal policy allow you create user account by your self as a Reader, an Author and/or a Reviewer). All fields with an asterisk beside them (Username; Password; Repeat Password; First Name; Last Name; Email) are mandatory. Your username and your email address must be unique; furthermore, while you can change your email address at a later date, you will be unable to change your username. If you want to register in another role within the same journal (for example, if you are already a Reader, but also want to become an Author) you can log in; go to Edit My Profile (under My Account on your User Home page); and check off the checkboxes next to any available roles, near the bottom of the page. Once you have an account, log in to the journal site and select the role of Author.

Your cooperation is very appreciated.

Best Regards,
T. Sutikno

Dear Dr. Alexander Setiawan

It is my great pleasure to inform you that your paper is accepted and will be published on forthcoming issue of the International Journal of Electrical and Computer Engineering (IJECE), a Scopus indexed journal, SJR 2017 & CiteScore 2017 Q2 on both of the (Electrical & Electronics Engineering) and (Computer Science). Congratulations!

This journal is an OPEN ACCESS. Why publish open access? IAES open access authors benefit from: Quality, established and reputable journal, reaching key audiences' with 5 million users per month, high citations, etc. Benefits of the OPEN ACCESS policy:
- Researchers as authors: immediate visibility for research output and thus increased visibility and usage of their results. Open Access may even lead to an increase of impact.
- Researchers looking for information: access to literature everywhere, not only from a campus but also from any site with wifi access.
- Funding agencies: increased return on investment (ROI), increased visibility.
- Universities & research institutes: greater visibility, clearer management information.
- Libraries: increased access for target audience, financially a more attractive model than the current subscription model.
- Teachers & students: unrestricted access to material, enriched education, allowing equality of learning in poor as well as in rich nations.
- Science: enhanced and accelerated research cycle.
- Citizens & society: access to knowledge/access to the results of publicly funded research.
- Enterprises: access to critical information.
- Publishers: transparent business model, ultimate online article distribution, ultimate visibility for articles.

So, Open access fee is paid by the authors, or on their behalf to support the cost of wide open access dissemination of research results, to pay deposit to CrossRef in order to each published articles has a Digital Object Identifier (DOI), to manage the various costs associated with handling and editing of the submitted manuscripts, and the Journal management and publication in general.
