Dear authors,

The Department of Architecture at Petra Christian University would like to thank you for participating in our conference of ICEASENVAR 2017. We hope that the past conference has truly provided a space for you to build an academic discussion with colleagues of a peer knowledge. For authors that due to some technical reasons could not present their papers, the conference materials will be sent to your address.

Images taken at the conference will soon be uploaded to the conference website at <http://www.iceasenvar17.com>  
Please kindly visit the website within a couple of days.

In responding to some inquiries, I would also like to extend an information that there is no proceeding has been published at the conference since all accepted papers will soon be published in the DIMENSI Journal of Architecture and Built Environment. The DIMENSI Journal has now been indexed by DOAJ, so any papers published in this journal may gain cumulative credit point (CCP- in Indonesian version) of 30 as the maximum. That is why, to keep the CCP at the maximum point, we would like to publish the journal as a normal edition, not as a special edition that may degrade the point.

In order to publish as a normal edition, we will publish all accepted papers in sequence. Ten first papers (based on the paper numbers which was determined by the date of submission to the conference and the minor or major revision needed) will be published first, then move to the next ten papers continuously. It may need 3 or 4 editions for all papers to be published. The first edition will be backdated by the edition of Dec 2016, then July 2017 and Dec 2017. We will arrange that even though it will publish in 3 or 4 editions, either the online or hardcopy versions will all be ready at a not very wide time gap. Before the publication, the journal's chief editor may contact you directly through email for further revision to suit the journal format (if there is any revision needed).

Finally, I would like to once again say thank you for your participation and collaboration to make the ICEASENVAR conference successful. May you all have a fruitful year ahead and hope to see you later at our next conference.

If you still have any inquiries please do not hesitate to contact me.

Warm regards,

Christina Mediastika  
ICEASENVAR Conference Secretary

Dear authors,

Greetings from Surabaya!

I am pleased to share information that the first group of papers has been published.

Kindly visit the online version at <http://dimensi.petra.ac.id/>

Whilst, the hardcopy version may take few more time to be ready and will be sent to you once ready, excluding to the overseas authors. Overseas authors may contact me if you are interested in receiving the hardcopy version.

For authors that are still on the waiting list, please be patient, the second group will be soon in progress.
