Scope International Journal of Business and Society (IJBS) is an international scholarly journal devoted in publishing high-quality papers using multidisciplinary approaches with a strong emphasis on business, economics and finance. It is a triannual journal published in April, August and December and all articles submitted are in English. Our uniqueness focus on the impact of ever-changing world towards the society based on our niche area of research. IJBS follows a double-blind peer-review process, whereby authors do not know reviewers and vice versa. The journal intends to serve as an outlet with strong theoretical and empirical research and the papers submitted to IJBS should not have been published or be under consideration for publication elsewhere.
